

SAGOMA

LED BATHROOM LUMINAIRES

Design Ufficio Tecnico Zemis

Apparecchio LED IP44 ultrapiatto con struttura in metallo cromata e diffusore in metacrilato opale. Particolarmente indicata per illuminare specchi. SAGOMA è progettato per essere installato orizzontalmente su arredo bagno o sulla cornice dello specchio. Alimentatore led compatto incluso.

IP44 rated slim LED light fitting made of chrome plated metal and pmma diffuser. Particularly suitable to light mirrors. SAGOMA can be installed horizontally on surface, such as the top surface of mirror cabinet and bathroom mirror frame. Electronic slim led driver included.
